Dear REC and MHRA

SepTiC Trial Non-Substantial Amendment AM006

We are writing to you regarding the submission of a non-substantial amendment for the SepTiC Trial.

We would like to submit the following changes:-

1. Add the following new sites and Principal Investigators:-
 - Southend University Hospital – Dr Selver Kalchkoveyssal (PI)
 - Hull Royal Infirmary - Dr Peter Campbell (PI)
2. Changing the following Principal Investigator:-
 - Countess of Chester change in Principal Investigator to Dr Peter Bamford
3. Typographical changes to the PIS. We have received feedback from sites that the wording 'human tissue' is rather misleading when we are only collecting blood samples and so we have amending this wording from 'human tissue' to 'blood samples' in all our PIS'. Tracked and clean versions are included:-
