Modification Acknowledgment Letter

14/05/2026

Prof Anthony Gordon
Room 1091, QEQM, St Mary's Campus,
London W2 1NY

Dear Prof. Gordon,

Project Title: Sepsis Trials in Critical Care (SepTIC)	
Research Governance and Integrity Team Reference Number (RGIT):	22SM8039
Modification type:	Non-notifiable
Modification number:	AM 012
Modification date:	01 May 2026
IRAS Number:	1005848
EudraCT Number:	N/A
Does this Modification substantially change the safety or risk/benefit assessment in which the Trial risk assessment Has been updated?	No

Imperial College London, the sponsor of this trial confirm that your Modification has been reviewed and meets the previously issued sponsorship requirements. We are satisfied with the classification of the Modification and authorise you to submit this Modification to the **MHRA, REC and HRA** as applicable in amendment tool.

Please ensure participating sites are notified of Modification and that **REC and HRA** approvals are sent to participating sites R&D department as soon as possible.

You must NOT implement this Modification until you receive any required confirmation or acknowledgments from site R&D.

Yours sincerely
RGIT CTIMP Team
